ABOUT US

At Al Porsaeideya for Food Industries, we're redefining the standards of excellence in the refining and packaging of vegetable oils. Established in 2017, our 100% Egyptian-owned company has grown into an industry leader, powered by cutting-edge technology, strategic partnerships, and a commitment to quality.

Our state-of-the-art facilities, located in the bustling port city of Port Said, allow us to distribute our products seamlessly across Egypt, the Gulf, and Africa. Each step of our production process is driven by expertise and precision, thanks to collaborations with renowned European partners.

With a focus on quality, efficiency, and innovation, Al Porsaeideya delivers products that meet the highest international standards, ensuring our customers receive nothing but the best. Join us as we continue to expand, setting new benchmarks in the vegetable oil industry.

MISSION

To be the best company that produces safe, high-quality health products at competitive prices, using the latest technologies, we offer the most preferred products in local & international markets.

VISION

To be the best leading company in the Egyptian and African market in the field of manufacturing vegetable oils and their derivatives.
